

Pelvic Floor THERAPY

AT CLARA BARTON MEDICAL CENTER

DURING THERAPY, YOU CAN EXPECT...

Education

on what is causing your incontinence

Evaluation

of core strength, including the pelvic floor

Exercise Program

to strengthen and train weak muscles or relax overactive muscles

Danelle and Kelsey are physical therapists with specialized training to treat pelvic floor dysfunction. Patients receive one-on-one treatment with our therapists in a private and comfortable setting, and receive the latest research and treatment methods for the most advanced plan of care.

****No referral is needed to see a pelvic floor therapist, but insurance coverage may require one.**
